concession

public transport
service concession

art school renovation
and operation

Potential PPP projects by sector

- Several part of state roads reconstruction and construction (Ministry of Transport)
- Building of prisons and court premises (Ministry of Justice);
- Sarkandaugava cross-over, intermodal transport point, Northern corridor in Riga (Municipality of Riga)
- Daugavpils fortress renovation and development of art centre of Mark Rotko and , regional airport in Daugavpils development (Municipality of Daugavpils)
- etc.

Conductive factors of PPP

- Huge needs of state and municipalities of infrastructure;
- Stable political support for PPP in some sectors (for example, transport, justice);
- Support divisions for PPP projects implementators in Ministry of Economics and IDAL;
- Experience of pilot projects;
- Elaborated guidelines and standardized documentation for several PPP projects;
- Support for feasibility studies and legal documentation within Norwegian financial mechanism;
- PPP draft law;
- Regional reform and project bundling potential

Thank you for attention!
